## **TWO OF LOS CABOS MOST ADORED PROPERTIES, CASA DEL MAR GOLF RESORT & SPA AND HOTEL EL GANZO REVITALIZED AND REOPENED**

San Jose del Cabo, Mexico – Casa del Mar Golf Resort & Spa and Hotel El Ganzo, two of Los Cabos, Mexico's most beloved properties, bore considerable damage when Hurricane Odile hit the destination in September 2014. However, the hotels resumed operation in October 2015 in a big way.

The news is good for travelers who came to love Casa del Mar and its hacienda-style interiors and warm, gracious service as the reopening also signaled a return to the halcyon days of this much-loved resort. Casa del Mar no longer offers an All-Inclusive option but the European plan for guests, and this boutique gem, with its 54 oceanfront guest rooms, is a haven for couples, families, spa-goers and golfers, with access to three championship golf courses, a state-of-the-art spa, and an expansive beachfront location along Cabo's famed Corridor.

Hotel El Ganzo, which made a huge splash when it opened in 2013, also returned with enhancements to service and amenities, but with its artistic core intact: El Ganzo is still the artistic retreat that travelers adored, with its underground recording studio, rooftop infinity pool and glass-enclosed Jacuzzi, and an ongoing schedule of artists and musicians in residence who each made their mark on the experience. The hotel is located at the base of the Puerto Los Cabos marina in San Jose del Cabo, and guests are encouraged to hop on one of the hotel's bicycles to explore the surroundings, including nearby Wirikuta gardens and the sculpture garden along the way.

Casa del Mar and Hotel El Ganzo are both owned and operated by Grupo Questro, one of the most prominent and well-respected developers in Los Cabos and Mexico at large. Casa del Mar and Hotel El Ganzo comprise the group's Boutique Division of exclusive hotels within the destination. Los Cabos leader and hotelier Ella Messerli serves as General Manager at Casa del Mar and Hotel
